## PROFESSIONAL SUMMARY

Detail-oriented freelance contributor with project-based experience in online map annotation, AI training tasks, transcription, transcript review, and online writing. Experienced in following task guidelines, checking written content for accuracy and consistency, and applying academic referencing conventions, including APA (6th and 7th editions) and Chicago style. Currently studying at Egerton University, with an interest in remote AI data projects, language quality work, transcription, annotation, and writing assignments.

## CORE SKILLS

- Online map annotation and location-data labeling
- Audio transcription and transcript review
- Online writing and academic formatting
- Attention to detail, consistency, and quality checks
- Python and SQL fundamentals
- AI training task support and guideline-based evaluation
- Proofreading, editing, spelling, grammar, and punctuation
- APA 7th edition, APA 6th edition, and Chicago style
- Following project instructions and working independently
- Research, organization, and written communication

## PROFESSIONAL EXPERIENCE

**GlimaTech — Freelance Map Annotation Contributor**
*Project-based online work*

- Completed online map annotation tasks by reviewing and labeling map-related information according to task instructions.
- Applied attention to detail and consistency when working with location-based annotation tasks.
- Followed project guidelines to support accurate, usable annotated data.

**Atlas Capture — AI Training Contributor**
*Project-based online work*

- Participated in online AI training tasks using the instructions and criteria supplied for each assignment.
- Reviewed task content carefully and worked to meet expected quality and consistency requirements.
- Adapted to structured, guideline-driven workflows in a remote project environment.

**Freelance Transcriptionist and Transcript Reviewer**
*Freelance / project-based*

- Transcribed audio content into clear written text.
- Reviewed and corrected transcripts for accuracy, omissions, spelling, punctuation, grammar, and readability.
- Checked written output against source material and followed client-specific formatting and quality requirements.

**Freelance Online Writer and Proofreader**
*Freelance / project-based*

- Prepared and edited online written content for clarity, organization, grammar, and consistency.
- Applied academic writing and referencing conventions, including APA 7th edition, APA 6th edition, and Chicago style.
- Formatted documents according to assignment instructions and the required writing or citation style.

## EDUCATION

**Egerton University** — Current student; expected graduation in 2029.

## TECHNICAL SKILLS

Python and SQL fundamentals; online annotation platforms; digital writing and document-formatting workflows.
